at the applicable Stevedoring Award premium rate.

30.2.5 A VSE will be allocated to work an eight-hour shift in a terminal other than an
allocated four (4) hour shift in accordance with this Agreement. Where a VSE is
allocated to a 4 hour shift, and the shift is extended, a minimum eight hour
payment will be paid to the Employee at the applicable shift rate.

actual earnings each fortnight, whichever is the greater. In the event that VSEs
actual earnings do not meet the Minimum Salary in any fortnight, that amount will
be deducted from actual earnings in the next pay period.

30.3.3 The Company may revise the VSE Minimum Salary subject to the following:

(a) In the event that the average earnings of VSE’s are at or near the
Minimum Salary, the Company may revise the VSE Minimum Salary for
all VSE’s subject to consultation with the Union prior to reducing the Minimum Salary.

(b) Where the Minimum Salary has been reduced in two steps by a total of 15% or more of VSE Minimum Salary in a 12 month period the Company will consult with the Union on the need to reduce numbers of VSE’s in accordance with clause 8.18.

31.0 SUPPLEMENTARIES

31.1 Terms of Engagement

31.1.1 Supplementaries shall be recruited and trained in accordance with the Company’s requirements.

31.1.2 Supplementaries shall not be placed in roster panels and shall be available for totally irregular allocation.

31.1.3 Any redundancy provisions applicable to Permanent Employees shall not be applicable to Supplementaries.

31.1.4 All active Supplementary Employees who have worked for greater than 9 months and whose earnings for the previous nine months exceed the VSE Minimum Salary prorated for a VSE, will be appointed to the position of VSE.

31.1.5 The appointment will be subject to satisfactory performance.

31.2 Payment

31.2.1 A Supplementary Employee will be engaged as a grade 2 in accordance with the Stevedoring Award. Subject to clause 12.4, where a Supplementary is engaged in work of a higher grade, the Employee shall be paid the rate for the higher grade.

31.2.2 Supplementaries shall be entitled to an hourly rate equivalent to 1/35th of the weekly rate as specified in clause 11.0 plus a loading of 25%, shift and holiday
premiums, overtime and meal allowances where applicable in accordance with
the Stevedoring Award. Supplementary Employees are not entitled to receive the
consolidated allowance.

31.2.3 Where a Supplementary Employee is allocated to work an eight hour shift in a
terminal, and the shift is extended, overtime payments will apply in accordance
with this Agreement. Where a Supplementary Employee is allocated to a 4 hour
shift, and the shift is extended to a minimum eight hours, the Employee will be
paid eight hours at the applicable shift rate.

31.2.4 The Company will consult with the Union and Site Committee prior to any
recruitment process for the employment of any Supplementary Employees.

32.0 OUTSOURCING

32.1 It is not the intention of the Company to engage any additional contractors to supply
personnel to fill any jobs, duties, functions or related tasks covered by the Agreement.

32.2 Core equipment and tasks (e.g. QC, ACS, Straddle, RTG, lashing, etc) shall continue to
be maintained/operated by employees covered by this agreement.

32.3 Specialist maintenance tasks may be outsourced after consultation, if the maintenance
employees lack the appropriate skills or qualifications.

32.4 It is not the intent of the Company to reduce the number of Permanent Maintenance
employees conducting existing work.

32.5 The parties recognise the following tasks are currently outsourced:

(a) Cleaning;
(b) Security;
(c) Linemarking; and
(d) Certain maintenance tasks.

32.6 It is the intention of the Parties to continue to have core equipment maintained through
the engagement of in house permanent Tradesmen (Electrical and Mechanical), other
than specialist tasks which may/will continue to be handled by suppliers, contractors and
other parties.

32.7 The Company is committed to maintaining and after assessment, providing additional
skills and experience to the existing Maintenance staff to deliver optimised maintenance
outcomes and opportunities.

32.8 If Employees covered by this agreement are appropriately skilled, have the capability
and capacity to perform the work they will be the first considered to perform the task,
prior to engaging contractors.

32.9 Maintenance tasks may be outsourced if they are unable to be satisfactorily handled by
the Company’s permanent Tradesmen, after consultation.

32.10 Maintenance tasks may be outsourced if they are unable to be satisfactorily handled for
whatever reason within the rostered time available, by the Company’s permanent
Tradesmen, after consultation. Where rostered hours have been reduced as a temporary
measure, consideration should be given to increasing hours where the workload can be
sustained.
32.11 Where the use of contractors exists within the classifications covered by this agreement, the parties shall discuss where training and skills development could be considered for existing maintenance staff with the aim of removing or reducing the need for outsourcing or contracting out. These discussions shall be directed at ensuring the achievement of cost effective, efficient and optimised maintenance outcomes for the Company. Discussions will include consideration of the merits of training and skills development against the ad hoc requirement to use contractors or outsourcing arrangements including the cost of training against the frequency/currency of skills use.

32.12 Where existing and/or contractual arrangements are in place, these shall continue. This does not prevent the parties discussing the arrangements currently in place, as outlined in the paragraph above.

32.13 Where tasks are outsourced or contractors engaged the Company will provide the ERC/Site Committee updates on forecasted length of engagement and reasons for continued use.

32.14 Notwithstanding the above, any Employee (Permanent or casually engaged) may be required to carry out any normally outsourced task as directed by management.

32.15 For the avoidance of doubt, this clause is not intended to act as a probation or limitation on the use of contractors or outsourcing (whether referred to or not in this clause).

33.0 MOORING & UNMOORING

33.1 All Employees may be required to perform mooring & unmooring duties in accordance with the provisions of the relevant Part B of this Agreement.

34.0 TRANSFER OF AN EMPLOYEE TO A NEW POSITION

34.1 If an Employee voluntarily applies for a position, (covered by this Agreement) at a different salary, and is appointed to that position, the salary and conditions applicable to that new position will apply.

35.0 SALARY SACRIFICE – NOVATED LEASE

35.1 Subject to agreement by the Company, eligible FSE’s may elect in writing to forego part of their remuneration under a salary sacrifice arrangement for the purposes of entering into a novated lease in accordance with the applicable Company policies and procedures as varied from time to time. Any such salary sacrifice arrangement can only take effect after the Company has received the FSE’s written election in accordance with this clause.

35.2 If an Employee enters into a salary sacrifice arrangement, then in determining the applicable salary sacrifice amount, the Company will take into account the total cost to the Company of providing the agreed benefits, including any fringe benefits tax payable under applicable law, in respect of any component of the benefit provided under the salary sacrifice arrangement.

35.3 For the purposes of calculating an FSE’s redundancy entitlement in accordance with the clause 8.18.9, the applicable salary shall be the pre-sacrifice ‘salary’ as prescribed in this Agreement.

36.0 JURY SERVICE

36.1 The provisions of the Act shall apply in relation to jury service.

36.2 In addition to the provisions of the Act, if a Supplementary or a VSE is required to be absent from work as a result of jury service, the Employee shall be entitled to be paid 8
hours at the clause 11.0 Grade 2 rate of pay for each day of service up to a maximum of 10 days.

37.0 DOMESTIC VIOLENCE

37.1 The Parties to the Agreement are committed to providing support to employees who experience domestic violence. The Company has a Domestic Violence Support Policy which outlines various support mechanisms and avenues for assistance.
APPENDIX 1. ABSENCE MANAGEMENT

1. The Company understands that from time to time, Employees are unable to attend work:

   (a) because the employee is not fit for work because of a personal illness, or personal injury, affecting the employee; or

   (b) to provide care or support to a member of the employee’s immediate family, or a member of the employee’s household, who requires care or support because of:

      (i) a personal illness, or personal injury, affecting the member; or

      (ii) an unexpected emergency affecting the member due to a need to address genuine health concerns and/or carer’s responsibilities.

2. Employees are not required to provide evidence for up to seven (7) days of Personal/Carer’s Leave in any financial year unless otherwise detailed below.

3. To ensure Personal/Carer’s is used for genuine purposes, the Company requires Employees to provide the following evidence to substantiate their absences in any of the following circumstances:

   (a) Any absence in excess of seven (7) uncertified days in a financial year must be accompanied by a medical certificate from a qualified medical practitioner for every absence.

   (b) An Employee will be placed on an AMP for a period of six (6) months where a medical certificate is not provided in excess of seven (7) uncertified days of Personal/Carer’s Leave or the Employee has a readily identifiable pattern of unreasonable absence.

   (c) Employees who take consecutive Personal/Carer’s Leave days shall be required to provide a medical certificate. This overrides 2 and 3(a) above.

   (d) Employees who are subject to an AMP must provide a medical certificate for any absence. This overrides 3(a) above.

   (e) If the AMP is breached, an Employee will be placed on a formal warning and any breach thereafter follows the disciplinary process.

   (f) The parties accept that there may be circumstances where an employee is required to access genuine personal leave for an ongoing period. When the Company has a need to review an employee’s period absence, the Company will take into account the legislation as well as individual circumstances. The overriding test will be the prognosis relating to an employee’s ability to perform the inherent requirements of the role.

   (g) Personal/Carer’s Leave absences for either:

      (i) the day prior to or following a public holiday; or

      (ii) during periods of industrial action

          must be accompanied by a medical certificate. In the event that a certificate is not provided the absence will not be paid.

   (h) In the cases where medical certificates must be provided as outlined, the certificates must be provided to management promptly and generally within his/her next three rostered shifts.
(i) Failure to provide a medical certificate will deem the absence as uncertified.

(j) In all circumstances backdated medical certificates will not be accepted.

4. Employees in need of multiple consecutive days off will advise HR or Allocations of the period of absence as soon as practicable. Once an Employee has advised either HR or Allocations they are then not required to contact Microster for the remainder of the notified period of absence.

5. Except as outlined above regardless of the requirement to produce medical certificates or not, every Employee has an obligation to contact Microster in accordance with the shift notification times and arrangements as detailed in Part B.

6. If an Employee Fails to Report (FTR) by the required time owing to illness or injury, s/he will be paid personal leave if s/he has a balance. This does not prohibit the Company exercising disciplinary sanctions for the FTR. If an Employee FTRs and there are exceptional circumstances the Company will take these into account when determining whether the FTR stands. The definition of an FTR will be detailed in Part B of this Agreement.

7. Where an Employee fails to substantiate personal leave absence with a medical certificate for any of the situations outlined in 3. above or if the Employee does not comply with the shift notification times, the Employee’s absence may be regarded as unauthorised and therefore in breach of Company policy which may result in disciplinary action.

**Carer’s leave**

8. Carer’s leave will be applied for and granted in accordance with the provisions of the Agreement and, where applicable, the Stevedoring Award. Evidence to support a claim in the form of a medical certificate for the immediate family member requiring care is required for payment of the leave in accordance with the Agreement.

APPENDIX 3. GRADUATED RETIREMENT EMPLOYEES

The Company intends to establish a GRS in accordance with the following guidelines.

1. **Intention**

   1.1 The GRS will introduce a new category of employment.

   1.2 The following arrangements apply where a full time Employee applies to be re-engaged as a Graduated Retiree Employee (GRE) and is accepted by the Company.

   1.3 The acceptance of an Employee into the GRS will not automatically require a labour review nor will it require that the Company automatically refill the Fixed Salary Employee (FSE) positions left vacant. Any vacancy shall be dealt with on a case-by-case basis.

   1.4 No preference of allocation will be afforded to GREs except that the GRE will be required to work sufficient hours to meet their agreed rostering arrangements as set out in clause 3.7 of these guidelines.

   1.5 A GRE shall not have any right or ability to return to their previous position or an alternative position.

2. **Eligibility**

   2.1 A FSE may apply for entry into the scheme. Such an application must be made at least 3 months prior to an Employee’s intended entry into the scheme.

   2.2 The number of Employees accepted in the GRS will be determined by the Company in consultation with the Union at a local site level.

   2.3 Where an Employee’s application is accepted, the Employee is provided with a letter of appointment as a GRE. An Employee will then be given a time frame from which they will transfer from their FSE position to the GRE position. The letter will include a start date, the individual GRE’s scope of duties and the agreed roster arrangements.

3. **Terms of Engagement**

   3.1 Upon entry into the scheme, an Employee shall be referred to as a GRE and shall be engaged and paid wages for hours worked according to the agreed work arrangements.

   3.2 GRE’s shall retain their grade (unless otherwise agreed) and be paid an annual salary on a pro rata basis to the rates applicable to full time Employees covered by this Agreement.

   3.3 A GRE will accumulate annual leave, long service leave, and personal leave on a pro rata basis e.g. 50% of permanent entitlements. Public holidays not worked are to be paid in accordance with arrangements for full time Employees as set out in Part A.

   3.4 The GRE and the Company shall jointly define a range of duties that shall apply from the local site/s task list together with a corresponding agreed roster which meets the operational requirements of the Company.

   3.5 The Company and the GRE agree to review the arrangement at least annually.

   3.6 The parties agree that a GRE’s employment with the Company shall cease upon their participation in the GRS ceasing.
3.7 A GRE shall be paid a salary consistent with their graded role and agreed roster, which shall apply as follows:

3.7.1 A GRE shall receive a minimum fortnightly payment (equivalent to the agreed nominated rostered wage divided by twenty six).

3.8 GRE’s agree to be available to meet the roster’s requirements.

3.9 Superannuation will be paid in accordance with the provisions of this Agreement.

4. Termination

4.1 Nothing in this guideline precludes the Company from terminating employment summarily in the event of serious misconduct on the part of the GRE that justifies termination and in such case no notice shall be provided or be payable in lieu.

5. Dispute Resolution

5.1 Any dispute arising out of or in connection with the application of the GRS shall be dealt with in accordance with the applicable grievance/dispute procedure in Part A of this Agreement.

1.21.6 All Employees shall be responsible for ascertaining when they are required to work.

1.21.7 The Company may contact Employees (through Microster/Charge Foreman) at any time between the hours of 0500 and 2230 to provide additional resources due to late changes in operational and maintenance requirements, and absences. In these circumstances, Employees shall not be compelled to work at short notice and it is essential that the Employee has had adequate rest and is able to meet all Company requirements in relation to working safely, prior to accepting any such engagements at short notice.

1.21.8 It is agreed that if the Company encounters difficulty in obtaining additional VSE’s and Supplemenary’s for weekend allocation, then the parties shall immediately review the arrangements to investigate and remedy this deficiency.

1.22 Arrangements for Closed Port Days

1.22.1 In the event of the Company encountering difficulties in having sufficient available Employees to meet operational requirements for work on Closed Port Days (including the Christmas and New Year Closed Port shoulder periods), the parties will discuss the agreed arrangements with a view to resolving any issues and ensuring sufficient available Employees in the future.
1.22.2 Engineering/Maintenance

(a) The Company agrees that it will only compel FSEs in Engineering and Maintenance to work on a Closed Port Day in the event that there are insufficient volunteers to allocate a minimum of two (2) fitters and two (2) electricians to each shift when 1 to 4 crane gangs are operating. Should the Company need to compel, it agrees that it will compel Employees to work only to the extent required to provide a minimum of two (2) fitters and two (2) electricians on each shift. This arrangement will apply for all four Closed Port Days as prescribed in Part A, clause 15.2 of this Agreement.

(b) The Company agrees that it will only compel FSEs in Engineering and Maintenance to work on a Closed Port Day in the event that there are insufficient volunteers to allocate a minimum of three (3) fitters and three (3) electricians to each shift when more than 4 crane gangs are operating. Should the Company need to compel, it agrees that it will compel Employees to work only to the extent required to provide a minimum of three (3) fitters and three (3) electricians on each shift. This arrangement will apply for all Closed Port Days as prescribed in Part A, clause 15.2 of this Agreement.

1.22.3 Operations – applicable to FSE’s on General Operations Roster

(a) The Company may compel Employees to work Closed Port Days as per Part A, clause 15.2.2 of this Agreement, except that in relation to Anzac Day and Picnic Day each Operational FSE may only be compelled to work either Anzac Day or Picnic Day (falling within a calendar year) as determined by the Company.

(b) This clause varies the operation of clause 15.2.2 of Part A of this Agreement only in relation to Anzac Day and Picnic Day – it does not in any other way affect the Company’s ability to compel FSEs to work on Closed Port Days.

(c) For the purpose of this subclause, where an FSE volunteers to work and does in fact work on one of the Closed Port Days prescribed under this subclause, this will not count as the Employee having been compelled to work on that day and the Company shall still have the ability to compel the Employee to work on all other Closed Port Days.

1.22.4 Order of Allocation and Notification

(a) The Closed Port Days (Good Friday, Anzac Day, Labour Day and Picnic Day) will comprise the following ‘closed port’ shifts:

(i) Day shift, Evening shift and Night shift (which commences on the actual day but is worked into (and concludes on) the following day).
(ii) All Closed Port Day rules, rights and entitlements (including compulsion and shift penalties) will apply to these shifts (and these shifts only) for the prescribed days.

(iii) This means that the night shift commencing the day prior to the Closed Port Day is NOT a closed port shift and will be worked as a normal shift on the days prescribed above.

(iv) All other days of the year shall continue to apply as Night shift (commencing day prior), Day shift and Evening shift.

(b) The Company will complete allocation for Closed Port Days shifts as prescribed in 1.22.4(a) in accordance with the following table:

(c) Employees shall be responsible for ascertaining when they are required to work.

The Company will limit the total unavailability of VSE and Supplementary employees to a maximum of 50% on weekend shifts (Day, Evening, Night Saturday and Sunday).

Should there be insufficient irregular labour availability this will be first raised at the Site Committee meeting. If after consultation with the Site Committee there is no improvement in availability, the Company may after six weeks engage more VSE’s.

15.0 FAILURE TO NOTIFY (FTN) CLAUSE

15.1 It is the Employee’s responsibility to inform the Company of their inability to work on their rostered shift. An Employee who fails to register themselves as ‘Sick’ 30 minutes prior to day shift or one hour prior to evening and night shift will be considered to have failed to notify (FTN).
